Preface

The fourth edition of the Directory of Libraries and Resource Centres in the Government of Ontario reflects changes since May 1983, with the addition of eleven more libraries, and a revised format including more information.

Entries are arranged alphabetically by Ministry and numbered consecutively. Four indexes are included: subject, librarians, computer and software.

Figures for library holdings are estimates and are intended only to give an indication of the depth and emphasis of the collection.

The Committee wishes to thank all participating libraries for their co-operation and assures them that every effort has been made to ensure accuracy.

Also a special thank you to Mr. Tim Cerantola for designing our new front cover.

Committee Members:
